Mr John MacDonald,  
Plant Breeding Institute,  
University of Sydney,  
Cobbitty Road,  
Cobbitty, NSW

Dear Mr MacDonald,

My name is Bea Flatt. I have just completed my HSC examinations and am seeking casual employment over the summer. I intend to study Agriculture at the University of Sydney in 2003, and I have a particular interest in plant production and genetics.

I am attaching my CV and would appreciate any opportunity to work in your institute.

Yours sincerely,

Bea Flatt
